

**Heritage Elementary School**

21 King  
Huntingdon, Québec, J0S 1H0

November 25<sup>th</sup> 2025

To the PLAR assessors at Thompson Rivers University,

I am writing to provide a reference for Ashley Jewer, whom I have worked with at Heritage Elementary school from 2022-2025. In my role as a Special Education Technician, I have had many opportunities to observe Ashley's work with students, families, and staff.

Ashley is an extremely empathetic, reliable, and professional team member. She works very well with others and is someone our staff naturally turns to for support or guidance. She communicates clearly, collaborates easily, and contributes to a positive team atmosphere. I have seen her problem-solve with teachers, share resources generously, and adapt her approach so that everyone involved feels included and supported.

Her work with children stands out. Ashley builds trust quickly and interacts with students in a calm, grounded, and respectful way. She is especially strong with children who struggle to express themselves, and she often acts as an advocate for students who don't yet have the confidence or language to speak up for themselves. She approaches each situation with compassion and good judgment.

Ashley is also a very hard worker. She follows through on tasks, shows initiative, and is always willing to help a colleague or step in where she's needed. She is both thoughtful and genuinely smart in the way she evaluates situations and offers solutions.

Based on my experience working alongside her, I believe Ashley demonstrates the maturity, teamwork, and communication skills expected in her field. I fully support her PLAR application and would be happy to provide additional information if needed.

Sincerely,

Megan Vezina  
Special Education Technician
